

OUR

MISSION

“To make every individual a health expert”

Our organization is striving from its inception to create as many health experts as possible in the country. We are fast growing in the field of health education. Our faculty is all professionals with good knowledge and experience.

Our specialties

Yoga studio &
Yoga academy

Diet consultation

Canteen & Juice corner

Naturopathy therapy unit Ayurveda therapy unit

Since 2004, our organization has also done many charity programs like giving free education for socially and economically backward students, arranging free health camps in rural areas, free yoga workshops etc.

Our mission is to create at least one member in a family as a yoga expert within one year and every member of the country within five years.

Our aim is to extend this program from the city level to national level and from there to international level.

MISSION

Come and join your hands with us!!!!

United we stand!!!
